**Starting promptly at 2 p.m.**

**With a strong draft of Six Females From the Brae Lodge  
Herd owned by Mrs. W. J. Gartley, Inglewood, Ontario.**

# Welcome to Aberfeldy

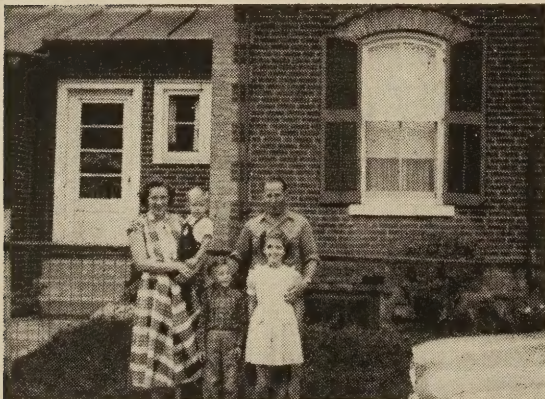

We are happy to invite all friends of Shorthorns to our first auction sale. With three exceptions, we are offering our entire 1952 show herd. This herd has been exhibited at two shows this year, the Canadian National Exhibition and the Western Ontario Fair at London. At both of these major events this herd was the top money winner. At the C.N.E. we won the Premier Exhibitor award and tied with Scotsdale Farms for the Premier Breeder award. At the Western Fair, we won three grand championships, three reserves and eight firsts.

Along with the show cattle we are offering sixteen imported heifers. These cattle will not be highly fitted. You will have to appraise them in their working clothes, but this is a good way to buy. They have been working for us and we are not spoiling them with feed, so they will continue to work for you.

On this occasion we are happy to be associated with Mrs. W. J. Gartley, Brae Lodge Farm, who will sell a splendid group of six females. Mrs. Gartley founded her herd with Aberfeldy cattle and we are proud of the success she has made. You will like her cattle.

Also we are pleased to have Mr. A. E. Hall, Weston, consign his first two Shorthorns to this sale. Mr. Hall, a neighbor of mine, is a new breeder, and we recommend his pair of cattle as highly as we do our own.

Whether you need cattle or not, we welcome you to Aberfeldy. We will be proud to have you, and your friends, and hope you will enjoy the day.

# GUARANTEE

The cattle offered in this sale are from Federally accredited herds for TB. Females are officially calfhood vaccinated. They are sold with a guarantee to conform to the health regulations of any province or state into which they may go. All papers necessary for shipment to the United States will be provided.

1. Proper care should be given by purchaser to protect breeding qualities and health of animals.

2. All bulls sold individually are guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with the herd under twenty months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months of date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale, shall be promptly reported. Any cattle in this sale that are fitted for Exhibition purposes by their new owners are excluded from the above guarantee.

4. All heifers are guaranteed to be breeders with the exception of heifer calves sold with their dams.

5. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded at the seller's option, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

The most important consideration in purchasing a bull or foundation female should be its dam. Pictured are a group of females at Aberfeldy. When you buy in this sale, you can be sure.

6. A certificate of registry in the Dominion Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeders' Herd Book.

As soon as cattle are sold, they are at owner's risk, but every care and attention will be given them and they will be loaded free of cost.

Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.

TERMS. Cash at time of purchase unless other arrangements are made before sale.

## Livestock Improvement

Livestock improvement is not a venture to be taken lightly. Those who do not grasp its full meaning in our complete economy ultimately fall by the wayside. That's why I have a soft spot for anyone who makes a thorough study and gives much of himself to the beef cattle improvement cause, especially in regard to Shorthorns.

Shorthorns are a way of life to Reford Gardhouse. Attesting to the success he is making of it are the results of North America's leading livestock shows and the good his cattle are accomplishing in the hands of others. He is recognized as an expert by cattlemen everywhere who have called upon him as a judge. He is one of the youngest, possibly the youngest, to judge the Shorthorn show at Perth, Scotland.

I mention all this because the man and the cattle must be valued together. I have not urged Reford to hold this sale. He has done well each year supplying top consignments to our leading events and selling at private treaty. It was his feeling, however, that more permanent good could be accomplished by holding all of his cattle for one event where all of you could be with him at Aberfeldy Farms. When such cattle as these are offered, no matter where you live, time and travel are secondary.

## The Imported Females In This Sale

There are sixteen imported females in this sale. All were personally selected by Reford Gardhouse. Careful consideration was given to each not only from the standpoint of individuality but from the reliability of the breeder and the background of the sire and dam. Although they were purchased with the thought that they might be sold to other North American herds, only the kind would fit into the Aberfeldy herd were considered.

Several of these have imported-in-dam calves at foot. Others have calves by Crichton Drambuie or Westdrums Lancaster Chief or are well along in calf to them. All are in production. That is why you will find them in their working clothes. We are certain these will strengthen existing herds and provide the right kind of foundation for newcomers.

## What About the Embargo!

The minor outbreak of foot and mouth disease which occurred in Western Canada early this year has been completely eradicated. Canada was declared free of foot and mouth by the Minister of Agriculture on August 19. For United States buyers the only question that remains is when the U. S. authorities will allow the resumption of normal trade. Many good authorities feel that it will open before this sale is held, others place their estimate after the first of the year.

At any rate, hundreds of purebred beef and dairy cattle are now awaiting shipment. When the release comes it will be possible to arrange low-cost combination shipments to almost every part of the United States.

All of the cattle purchased in this sale that cannot be shipped immediately because of the U. S. embargo will be cared and fed by us at our farms **at our expense.**

# Other Important Information

Tom Hays presents to Reford Gardhouse the coveted Premier Exhibitor's Award, based on points at the 1952 Canadian National Exhibition. Reford Gardhouse tied with S. G. Bennett for the Premier Breeder Award.

## And Now 1952 . . .

1952 is proving to be another great year for the Aberfeldy show string. This herd has been exhibited at two major fairs, the Canadian National Exhibition and the Western Fair in London, Ontario. At both of these events the Gardhouse herd was the leading money winner.

Most breeders sell only one or two members of a show herd. This year Reford Gardhouse "shoots the works" and is selling all but three of this large and powerful show string. It is a once-in-a-lifetime opportunity to strengthen your herd. On this page is a complete synopsis of the entire show herd, showing 1952 placings.

Crichton Drambuie—The record of his first three calf crops is well tabulated in this catalog. The fourth calf crop is on the ground and many people feel that it is the best yet. At the age of five he is already considered to be one of the breeds premier sires. Never before and possibly never again will there be an opportunity to buy so much of his get and service as are being offered in this sale.

# Thick!

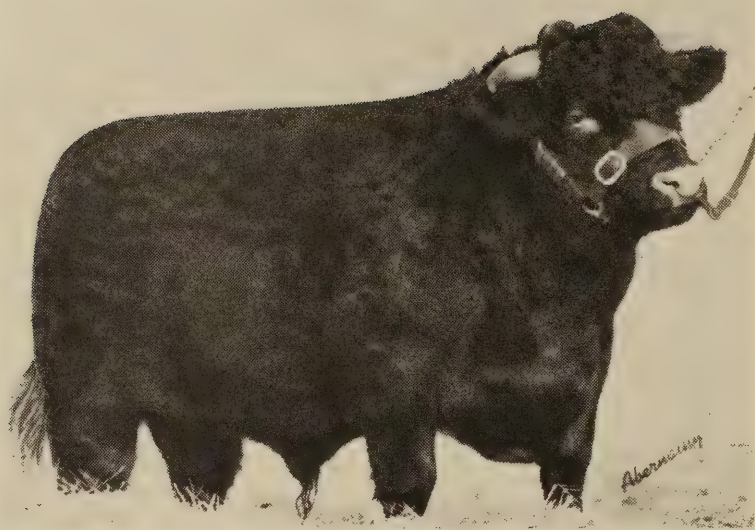

Would you like your cattle to be THICKER? Thicker, while still retaining bone, substance and weight for age that is so essential, along with proper breed character. Then a son of Crichton Drambuie is the answer for you. Every one of his calves is really thick! Study the picture on the cover of this catalog and you will see what we mean.

Crichton Drambuie is a prepotent bull. His calves follow the right pattern. . . all of them. That is your assurance that one of his sons will breed the same way for you. Moreover, he is a sire of bulls. . . and that is always a rare item. Many bulls will sire a few good heifers. . . but there are few that will equal Crichton Drambuie when it comes to siring top bulls one right after another.

Here's another thing about the Drambuies. They are good at any age. . . as calves, as yearlings, as mature cattle. To say that he is one of the breed's top sires is to state the obvious. Furthermore, he is just getting underway. 1952 marks the exhibition of his third calf crop. The 1953 show prospects are just as strong. Plan to spend some time in our pastures and you'll see what we mean.

Aberfeldy Orangeman—First prize summer yearling bull at London and fourth in a class of 16 at the C.N.E. His dam, Pittodrie Broadhooks Fatima, is a favorite of all who see our breeding herd and is now nursing an excellent heifer calf. Her first calf, Pittodrie Broadhooks, consistently placed at the top of her class and sold in the International sale for \$1,100 to L. E. Mathers, Mason City, Illinois. Millhills Despot was the junior champion at Perth in 1947 and cost 3200 guineas. He is the sire of T. G. Hamilton's Pittodrie Fortune. Bapton Upright sired the Perth champion, Pittodrie Upright and all the winning groups in 1946. Five head by him averaged 7,000 guineas.

Aberfeldy Prince—Here is a calf worth traveling any distance to see. He stood second in class of 14 junior bull calves at the 1952 C.N.E. Since that time he has improved every day. A bull with a great head and wonderful bone. We imported his sire and sold him to Dwight Griffith, Fredericktown, Ohio. Cruggleton Nyren stood in the first-prize group of five at the 1951 Perth show. This is the first calf from Drynie Queen Rothes 26th. These Drynie heifers are wonderful breeding females.

Aberfeldy Butterfly Gem—First-prize senior heifer calf and junior and reserve grand champion at the 1951 C.N.E. She was also a member of the first-prize get-of-sire, calf and breeders held at the same show. She placed third at the 1951 International. This year she stood third at the C.N.E. and first at London, and was a member of our groups that placed either first or second at these shows. Four maternal sisters of her dam averaged \$1,550, in the John Gardhouse & Sons dispersal sale in 1947. Bred since April 7th to Westdrums Lancaster Chief. She is from the most reliable and certainly the most profitable strain ever owned on the farm.

Glastullich Princess Alice—Bred May 5 to Crichton Drambuie. Selling at her side will be an imported-in-dam calf that could head a top herd. The calf, a dark red roan, was born on March 4 and was sired by Calrossie Highland Welcome, son of Calrossie Welcome, out of a Kirkton Baronet dam. This is the same combination that produced the great bulls sold by Calrossie at Perth this year. The pedigree of Glastullich Princess Alice is studded with the bulls that have made Calrossie famous. Here is your chance to buy an outstanding cow and an opportunity to buy a calf of the same breeding as the 10,000 guinea, Highland Piper; the 6100 guinea, Calrossie Perfect; the 7900 guinea, Calrossie Armada; the 4200 guinea, Calrossie White Emblem; the 3100 guinea Calrossie White Knight and the 3600 guinea Calrossie Welfare.

# The Brae Lodge

## Consignment

The next six females in this catalog are being consigned by Mrs. W. J. Gartley, Inglewood, Ontario, owner of Brae Lodge Farm. The Brae Lodge herd of approximately twenty-five breeding females is one of the breed's most correct. To fully appreciate these attractive entries, you should plan to visit Brae Lodge.

The present stock bull at Brae Lodge is the imported Uppermill Forbes, bred in the herd of James Durno. This was a popular show bull standing second to the grand champion at the 1951 Royal Winter Fair. Four of his first calves are offered in this sale. Aberfeldy Field Marshal, used in the Brae Lodge herd, was a son of the champion Killearn Morley and was out of the famous cow Miss Millhills, a direct daughter of the Perth champion Millhills Ransom.

Three of the Brae Lodge heifers are mated to Westdrums Lancaster Chief, our C.N.E. champion bull.

We are proud to be associated with Mrs. Gartley and consider her entries an attraction for the sale.
